COMPANY DATA

Vraiment Financial stands as a leading woman and minority-certified consulting firm. Our core strengths lie in consulting and training, grant management and project management. Leveraging our specialized expertise, we partner with nonprofit organizations, federal agencies, municipal governments, and academic institutions, to empower a healthier world through innovation and expertise, offering comprehensive solutions that address today's challenges and anticipate tomorrow's needs. We are committed to navigating complexities to deliver effective, impactful results in grant administration, management consulting, administrative support, and technical assistance. Partnering with the local, state, and federal governments, we strive to catalyze positive change, ensuring sustainable impact and enhanced community well-being. To date, we have empowered over 1,000 community students and have proudly collaborated with over 100 esteemed clients, which developed over \$19 million in awards. At Vraiment Financial, our mission is more than service delivery—it's about forging enduring partnerships and excellence. We are dedicated to our commitment to offering superior value, saving our clients both time and resources, all while championing unparalleled customer service.
